#### Professional Diversity Network, Inc. Announces Financial Results for the Quarter EndedJune 30, 2024

Chicago, IL, August 13, 2024 (GLOBE NEWSWIRE) — Professional Diversity Network, Inc. (NASDAQ:IPDN), ("IPDN" or the "Company"), a global developer and operator of online and in-person networks that provides access to networking, training, educational and employment opportunities for diverse individuals, today announced its financial results for the quarter ended June 30, 2024.

"The current recruiting market presents significant challenges. However, our recruitment services experienced a 3.2% revenue increase during the first two quarters of this year compared to the same period last year, demonstrating the effectiveness of our operational restructuring efforts. We remain committed to strategically targeting industries to establish ourselves as a leader in the diversity recruitment sector. RemoteMore has faced a slow demand for IT outsourcing in the first half of this year but is engaged in discussions with numerous potential clients. We remain cautiously optimistic about the possibility of converting some of these discussions into tangible results. Additionally, our NAPW network's membership revenue has decreased by 10.9% over the first two quarters. In response, the management team is actively exploring alternative revenue sources to sustain and support ongoing operations" stated Adam He, CEO of Professional Diversity Network, "Overall, we have successfully reduced our operational costs and expenses by 24.4% through the implementation of stricter controls during the first two quarters of this year compared to the same period last year."

#### Second Quarter Financial Highlights:

- Total consolidated revenues for the three months ended June 30, 2024 decreased \$151,000, or 8.2%, as compared to the same period in the prior year. However, the total pre-tax cost and expenses for the three months ended June 30, 2024 decreased \$1,001,000, or 30.6%.
- On June 30, 2024, cash balances were approximately \$619,000 as compared to \$628,000 on December 31, 2023. Working capital deficit from continuing operations on June 30, 2024, was approximately \$1,512,000 as compared to \$1,107,000 on December 31, 2023.

#### Financial Results for the Three Months Ended June 30, 2024

#### Revenues

Total revenues for the three months ended June 30, 2024 decreased approximately \$151,000, or 8.2%, to approximately \$1,690,000 from approximately \$1,841,000 during the same period in the prior year. The decrease was predominantly attributable to a reduction in demand for contracted software development as compared to the same period in the prior year.

During the three months ended June 30, 2024, our PDN Network generated approximately \$1,153,000 in comparable revenues compared to approximately \$1,102,000 in revenues during the three months ended June 30, 2023, a increase of approximately \$51,000 or 4.6%.

During the three months ended June 30, 2024, NAPW Network revenues were approximately \$108,000, compared to revenues of approximately \$136,000 during the same period in the prior year, a decrease of approximately \$28,000 or 20.6%.

During the three months ended June 30, 2024, RemoteMore revenue was approximately \$429,000, compared to revenues of approximately \$603,000 during the same period in the prior year, a decrease of approximately \$174,000, or 28.8%.

#### **Costs and Expenses**

Cost of revenues during the three months ended June 30, 2024 was approximately \$626,000, a decrease of approximately \$140,000, or 18.3%, from approximately \$766,000 during the same period of the prior year. The decrease was predominantly due to the aforementioned reduction in demand of contracted software development costs related to RemoteMore and reduced expenditures related to third-party services.

Sales and marketing expense during the three months endedJune 30, 2024 was approximately \$772,000, a decrease of approximately \$344,000, or 30.8%, from \$1,116,000 during the same period in the prior year.

General and administrative expenses during the three months endedJune 30, 2024 decreased by approximately \$425,000, or 34.2%, to approximately \$819,000, as compared to approximately \$1,244,000 the same period in the prior year.

#### Net Loss from Continuing Operations, Net of Tax

#### Non-GAAP (Adjusted) Financial Measures

We believe Adjusted EBITDA provides a meaningful representation of our operating performance that provides useful information to investors regarding our financial condition and results of operations. Adjusted EBITDA is commonly used by financial analysts and others to measure operating performance. Furthermore, management believes that this non-GAAP financial measure may provide investors with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. However, while we consider Adjusted EBITDA to be an important measure of operating performance, Adjusted EBITDA and other non-GAAP financial measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. Further, Adjusted EBITDA, as we define it, may not be comparable to EBITDA, or similarly titled measures, as defined by other companies.

The following non-GAAP financial information in the tables that follow are reconciled to comparable information presented using GAAP, derived by adjusting amounts determined in accordance with GAAP for certain items presented in the accompanying selected operating statement data.
