## Professional Diversity Network, Inc. Announces Financial Results for the Quarter Ended June 30, 2025

Chicago, IL, August 14, 2025 (GLOBE NEWSWIRE) — Professional Diversity Network, Inc. (NASDAQ: IPDN), ("IPDN" or the "Company"), a global developer and operator of online and in-person networks that provides access to networking, training, educational and employment opportunities for diverse individuals, today announced its financial results for the quarter ended June 30, 2025.

"Despite ongoing market challenges, we successfully reduced our loss per share from \$1.21 to \$0.62 compared to the same period last year. Moving forward, we will focus on advancing the transformation of our platform's technological infrastructure through AI integration and strategic revenue diversification, with the goal of attracting more investors," said Xun Wu, CEO of Professional Diversity Network, Inc. "Since the beginning of last year, we have effectively controlled costs through streamlined operations. Our next focus will be on further operational automation to enhance efficiency. At the same time, we are investing in new product development to drive revenue growth," said Bella Gu, CFO of Professional Diversity Network, Inc.

## **Second Quarter Financial Highlights:**

- The consolidated net loss from continuing operations for the six months ended June 30, 2025 decreased approximately \$160,000 or 11.5%, as compared to the same period in the prior year.
- Net loss per share for the six months ended June 30, 2025, was approximately \$0.62, a reduction of approximately 49% compared to the same period in the prior year.

#### Financial Results for the Six Months Ended June 30, 2025

#### Revenues

Total revenues for the three months ended June 30, 2025 decreased approximately \$49,000, or 2.9%, to approximately \$1,641,000 from approximately \$1,690,000 during the same period in the prior year. The decrease was predominantly attributable to an approximate \$264,000 decrease in recruitment services which was primarily driven by a slowdown in corporate spending on diversity, equity, and inclusion ("DEI") initiatives. We believe this trend is influenced by a shifting political and legal landscape, including the Supreme Court's 2023 decision on affirmative action and various executive orders and state-level legislation targeting DEI programs, which has caused some companies in both the public and private sectors to pause or re-evaluate their diversity-focused recruitment budgets. Revenue from membership and related services also declined by approximately \$23,000. These decreases were partially offset by a \$239,000 increase in contracted software development revenue.

During the three months ended June 30, 2025, our TalentAlly Network generated approximately \$887,000 in comparable revenues compared to approximately \$1,152,000 in revenues during the three months ended June 30, 2024, a decrease of approximately \$265,000, or 23.0%. This decrease is consistent with the broader trend of reduced corporate spending on DEI-focused recruitment services discussed previously.

During the three months ended June 30, 2025, NAPW Network revenues were approximately \$86,000, compared to revenues of approximately \$109,000 during the same period in the prior year, a decrease of approximately \$23,000 or 21.1%. Management attributes this decline to lower renewal rates and reduced acquisition of new members in a competitive market for professional networking organizations.

During the three months ended June 30, 2025, RemoteMore revenue was approximately \$668,000, compared to revenues of approximately \$429,000 during the same period in the prior year, an increase of approximately \$239,000, or 55.7%. This significant growth is primarily due to increased demand for qualified, remote software developers as companies continue to embrace flexible staffing models to manage costs and access a global talent pool. We have also focused our sales and marketing efforts on this segment, resulting in the acquisition of several new key client contracts during the period.

# **Costs and Expenses**

Cost of revenues during the three months ended June 30, 2025 was approximately \$929,000, an increase of approximately \$303,000, or 48.4%, from approximately \$626,000 during the same period of the prior year. The increase was predominantly due to an approximate \$232,000 increase in RemoteMore's contract costs, which are the fees paid to external developers and are directly correlated with the segment's significant revenue growth. The remainder of the increase is due to a \$46,000 increase in payroll related costs, mainly reflecting the cessation of labor-cost capitalization following the launch of the new website, and \$25,000 other cost of revenue. This shift in our cost structure, with a higher proportion of costs attributable to payments to third-party developers, represents a structural change tied directly to our revenue mix. We expect this trend to continue as long as the RemoteMore segment continues to grow.

Sales and marketing expense during the three months ended June 30, 2025 was approximately \$494,000, a decrease of approximately \$278,000, or 36.0%, from \$772,000 during the same period in the prior year. The decrease was predominantly attributed to approximately \$233,000 of reduced payroll and commission related costs and \$45,000 reduction in marketing and marketing related consulting and software costs.

General and administrative expenses during the three months ended June 30, 2025 decreased by approximately \$145,000, or 17.7%, to approximately \$674,000, as compared to approximately \$819,000 the same period in the prior year. The decrease in expenses was predominantly due to reductions of approximately \$75,000 of salaries and related benefit charges, \$60,000 of share based compensation expenses and \$10,000 in other general and administrative expenses.

#### Net Loss from Continuing Operations, Net of Tax

As a result of the factors discussed above, during the three months ended June 30, 2025, we incurred a net loss from continuing operations of approximately \$492,000, a decrease in the net loss of approximately \$94,000, compared to a net loss of approximately \$586,000 during the three months ended June 30, 2024.

## Non-GAAP (Adjusted) Financial Measures

Adjusted EBITDA is a non-GAAP measure and should not be considered in isolation or as a substitute for GAAP results. It may not be comparable to similarly titled measures used by other companies. Investors should review the reconciliation to the most directly comparable GAAP measure and consider Adjusted EBITDA together with GAAP results. We believe Adjusted EBITDA provides a meaningful representation of our operating performance that provides useful information to investors regarding our financial condition and results of operations. Adjusted EBITDA is commonly used by financial analysts and others to measure operating performance. Furthermore, management believes that this non-GAAP financial measure may provide investors with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. However, while we consider Adjusted EBITDA to be an important measure of operating performance, Adjusted EBITDA and other non-GAAP financial measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. Further, Adjusted EBITDA, as we define it, may not be comparable to EBITDA, or similarly titled measures, as defined by other companies.

The following non-GAAP financial information in the tables that follow are reconciled to comparable information presented using GAAP, derived by adjusting amounts determined in accordance with GAAP for certain items presented in the accompanying selected operating statement data.

The adjustments for the three and six months ended June 30, 2025 relate to stock-based compensation, loss attributable to noncontrolling interest, depreciation and amortization, interest and other income and income tax expense (benefit).

#### **About Professional Diversity Network**

Professional Diversity Network, Inc. (NASDAQ: IPDN) is a holding company and operates three business units: TalentAlly, LLC, NAPW, Inc. and RemoteMore USA, Inc

TalentAlly, LLC ("TalentAlly" or "TalentAlly Network") consists of several online professional job seeker communities dedicated to serving professionals in the United States and employers seeking to hire talent from a wide range of sources with many demographics represented. We use the word "professional" to describe any person interested in TalentAlly's websites or career fairs presumably for the purpose of career advancement or related benefits offered by the Company, whether or not such person is employed and regardless of the level of education or skills possessed by such person. Leveraging the power of our affinity job seeker groups, these professionals harness the relationships with employers and recruiters to help advance their careers. TalentAlly operate these recruitment affinity groups within the following sectors: Women, Hispanic-Americans, African-Americans, Asian-Americans, persons with disabilities, Military Professionals, and LGBTQ+. In addition, the Company also manages the job seeker websites and career fairs for prominent diverse membership-based organizations, including but not limited to NAACP, National Urban League, and Kappa Alpha Psi. Employers and recruiters benefit from the Company's relationship with these organizations, which allows them to access a large pool of qualified job seekers in a centralized manner. TalentAlly is 100% owned and operated by PDN, Inc.

NAPW Network Inc. ("NAPW" or "NAPW Network") is a networking organization for professional women, whereby its members can develop their professional networks, further their education and skills, and promote their business and career accomplishments. NAPW provides its members with opportunities to network and develop valuable business relationships with other professionals through its website, as well as at virtual and in-person events hosted at its local chapters across the country. NAPW is 100% owned and operated by PDN, Inc.

RemoteMore USA ("RemoteMore USA" or "RemoteMore") is an innovative, global entity that provides remote-hiring marketplace services for developers and companies. RemoteMore connects companies with reliable, cost-efficient, vetted developers, and empowers software developers to find meaningful jobs regardless of their location. As of March 31, 2025, PDN, Inc. owned 82.63% of RemoteMore USA, Inc. The Company consolidates RemoteMore USA's operations into its consolidated financial statements.
