Condensed Consolidated Notes to Financial Statements (Unaudited)

1. Description of Business

Professional Diversity Network, Inc. is both the operator of the Professional Diversity Network (the “Company,” “we,” “our,” “us,” “PDN Network,” “PDN” or the “Professional Diversity Network”) and a holding company for NAPW, Inc., a wholly-owned subsidiary of the Company and the operator of the National Association of Professional Women (the “NAPW Network” or “NAPW”), PDN (Hong Kong) International Education Ltd, PDN (Hong Kong) International Education Information Co., Ltd, and PDN (China) International Culture Development Co. Ltd, each of which is a wholly-owned subsidiary of the Company and together provide career consultation services. In November 2017, Jiangxi PDN Culture Media Co., Ltd became our consolidated variable interest entity (VIE). Laws and regulations of the People’s Republic of China (“PRC”) prohibit or restrict companies with foreign ownership from certain activities and benefits including eligibility for certain government grants and certain rebates related to commercial activities. To provide the Company the expected residual returns of the VIE, the Company, through its wholly-owned subsidiary PDN (China) International Culture Development Co., Ltd., entered into a series of contractual arrangements with the VIE and its registered shareholders to enable the Company, to exercise effective control over the VIE, receive substantially all of the economic benefits and residual returns, and absorb substantially all the risks of the VIE as if it were the sole shareholder; and have an exclusive option to purchase all of the equity interests in the VIE. Please refer to Note 3 for more details about the VIE. The PDN Network operates online professional networking communities with career resources specifically tailored to the needs of different diverse cultural groups including: Women, Hispanic-Americans, African-Americans, Asian-Americans, Disabled, Military Professionals, Lesbians, Gay, Bisexual and Transgender (LGBT), and Students and Graduates seeking to transition from education to career. The networks’ purposes, among others, are to assist its registered users in their efforts to connect with like-minded individuals, identify career opportunities within the network and connect with prospective employers. The Company’s technology platform is integral to the operation of its business. The NAPW Network is networking organization for professional women, whereby its members can develop their professional networks, further their education and skills, and promote their business and career accomplishments. NAPW provides its members with opportunities to network and develop valuable business relationships with other professionals through its website, as well as at events hosted at its local chapters across the country. The Company established business operations in China in 2017. Our business activities, similar to those in the United States, will be focused on providing tools, products and services in China, which will assist in personal and professional development.

In 2019, PDN China will focus on developing the education business while continuing to grow the Business Club and IAW China segments. There are two segments under the education business:

Vocational education program with foreign countries— PDN China has partnered with The Chinese People’s Association for Friendship with Foreign Countries to develop the China-Germany Nursing Program that recruits students from China to study, work and immigrate to Germany. The Company has developed 10 citywide agents across China to promote recruitment and German language training business.

Essential-qualities oriented education for elementary and junior high school students— The Company operates two primary school education programs both in the northern and southern part of China. These two acquisitions will allow the Company to accelerate an existing product with strong local recognition. According to the “2019 China Education Industry Research Report” by Amazing House, China’s K12 education market size was about 880 billion RMB in 2018. By 2019, the market size is expected to reach 1 trillion RMB, with a compound annual growth rate of 16.2% in five years. As a subdivision in the K12 field, after-school educational programs are also in high demand. According to the National Statistical Reports on Education Development and “2017 China Family Quality Education Consumption Report” by Rayee ACE, the potential market size of after-school educational programs in China by 2020 will reach 171 billion RMB.

In June of 2019, the Company established Kids Enrichment Academy Ltd.(“KEA”) in Beijing through Jianxi PDN Culture Media Co. Ltd, a VIE structured subsidiary, which will offer after-school and online education programs for primary and secondary schools in China. Through a combination of online and offline experience, KEA will create a variety of programs including science education, STEAM education (an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking), mental health education, etc.

On September 17, 2019, Jiangxi PDN Culture Media Co., Ltd. (“Jiangxi PDN”), a company established under the laws of the People’s Republic of China and a variable interest entity (VIE) controlled by Professional Diversity Network, Inc. (“PDN”), entered into an Agreement of Acquisition and Equity Transfer (the “Agreement”) with Guangzhou Zengcheng District Zhili Education Training Center, a nonprofit private enterprise established under the laws of the Peoples’ Republic of China (“Zhili”), Guangzhou Angyue Education Consulting Company Limited, a limited liability company established under the laws of the Peoples’ Republic of China (“Angyue”, and together with Zhili, the “Target Companies”) and their respective shareholders and controlling persons (the “Sellers”). The Agreement was subsequently amended on September 21, 2019.

One of the Sellers, Ms. Yuman Hu, will hold the remaining 49% and will be responsible for the day-to-day management of the Target Companies. The Target Companies specialize in designing well-rounded curriculums that focus on essential-qualities oriented education (EQOE) for elementary and junior high school students. The program integrates with traditional performance-oriented education to activate and nourish the overall development of children and young adults. With the strong support from the Chinese government on EQOE, the acquisition bolsters PDN China’s efforts to dominate this segment in China market.

On May 25, 2018, the Company sold Noble Voice assets to a long-time customer of the Company and exited the business segment conducted by Noble Voice. The Noble Voice and Compliant Lead legal entities were terminated in August of 2019. There will be no further assets or liabilities associated with these entities. See Note 3 for additional information.

2. Going Concern and Management’s Plans

At September 30, 2019 the Company’s principal sources of liquidity were its cash and cash equivalents and the net proceeds from the sales of shares of common stock in the first nine months of 2019.

The Company had an accumulated deficit of approximately \$87,534,000 at September 30, 2019. During the nine months ended September 30, 2019, the Company generated a net loss from continuing operations of approximately \$2,726,000, used cash in continuing operations of approximately \$3,424,000, and the Company expects that it will continue to generate operating losses for the foreseeable future. At September 30, 2019, the Company had a cash balance of approximately \$4,862,000. Total revenues were approximately \$1,348,000 and \$1,895,000 for the three months ended September 30, 2019 and 2018, respectively, and approximately \$4,021,000 and \$6,327,000 for the nine months ended September 30, 2019 and 2018, respectively. The Company had working capital of approximately \$149,000 and working capital deficit of \$3,384,000 at September 30, 2019 and December 31, 2018, respectively. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. In order to alleviate the substantial doubt, the Company has approved and undertaken several measures.

Professional Diversity Network, Inc.
Condensed Consolidated Notes to Financial Statements (Unaudited)

The Company is closely monitoring operating costs and capital requirements. Management of the Company also made efforts in 2018 and first three quarters of 2019 to contain and reduce cost, including implementing a new approval process over travel and other expenses, significantly reducing the cash compensation for independent board directors, terminating non-performing employees and eliminating certain positions, and replacing and negotiating with certain vendors. We also sold our Noble Voice business on May 25, 2018 to reduce operating losses and cash burns. If we are still not successful in sufficiently reducing our costs, we may then need to dispose our other assets or discontinue business lines.

On November 5, 2018, the Company entered into a \$500,000 convertible note (the "Note") with GNet Tech Holdings Public Limited Company (the "GNet") in London, whose majority shareholder is also a shareholder of the Company's largest shareholder, Cosmic Forward Limited ("CFL"), with a simple rate of 6% per annum interest. On June 14, 2019, the Company issued 209,205 shares to convert the principal of this Note. As a result, the Note has been satisfied and is no longer outstanding.

From January 9, 2019 to August 15, 2019, the Company sold an aggregate of 248,104 shares of its common stock at a purchase price ranging from \$1.146 to \$3.96 per share, representing 120% of the closing price the trading day immediately prior to the date of subscription. As of the date of this annual report, the Company has received an aggregate gross proceeds of \$514,928 under this private placement. All of the purchasers are residents of the People's Republic of China.

On August 5, 2019, the Company entered into a Stock Purchase Agreement with one purchaser Ms. Yingling Wu (the "Purchaser Wu"), pursuant to which the Purchaser Wu agreed to purchase 1,142,857 shares (the "Shares") of the Company's common stock for \$1.75 per share for gross proceeds of \$2,000,000 (the "Purchase Price"). This transaction was closed on August 6, 2019.

On September 5 and 9, 2019, the Company entered into Stock Purchase Agreements with Ms. Yao Wei Ling, an individual and a resident of the People's Republic of China ("Yao"), in connection with the purchase by Yao of 442,830 shares of common stock of the Company (collectively the "Yao Shares"), Mr. Gao Yin Chun, an individual and a resident of the People's Republic of China ("Gao"), in connection with the purchase by Gao of 189,873 shares of common stock of the Company (collectively the "Gao Shares"), and EGBT Foundation Ltd., a Singapore public company limited by guarantee ("EGBT"), in connection with the purchase by EGBT of 1,265,823 shares of common stock of the Company (collectively the "EGBT Shares", and together with Yao Shares and Gao Shares, the "Shares". These transactions occurred at a price of \$1.58 per share for gross proceeds of \$699,673, \$300,000, and \$2,000,000, respectively. The closing of the transactions with Yao and Gao took place on September 10, 2019. The closing of the EGBT transaction took place on September 30, 2019.

On November 15, 2019, an existing shareholder, CFL, purchased an additional 1,142,857 shares of the Company's Common Stock at a price of \$1.75 per share from an existing shareholder. This increases their total ownership stake to 38.5% of the total outstanding, issued shares of the Company.

Management believes that its available funds and cash flow from operations may not be sufficient to meet our working capital requirements for the twelve months subsequent to the issuance of our financial statements. In order to accomplish its business plan objectives, the Company will need to either raise capital by issuance of stock, or utilize the \$2,000,000 revolving credit facility with GNet, or strategic merge and acquisitions. Management believes that it will be successful in obtaining additional financing based on its limited history of raising funds; However, there can be no assurances that our business plans and actions will be successful, that we will generate anticipated revenues, or that unforeseen circumstances will not require additional funding sources in the future or effectuate plans to conserve liquidity. Future efforts to raise additional funds may not be successful or they may not be available on acceptable terms, if at all. In addition, due to China's foreign currency control, the Company cannot move money between China and the USA freely. The People's Bank of China (PBOC) and State Administration of Foreign Exchange (SAFE) regulate the flow of foreign exchange in and out of the country strictly. We need to get approval from Chinese government to move money from China to the U.S. which might take extra time. As of September 30, 2019 we had a \$3,304,000 cash balance in China.

3. Summary of Significant Accounting Policies

Basis of Presentation – The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and pursuant to the instructions to Form 10-Q and Article 8 of Regulation S-X of the United States Securities and Exchange Commission ("SEC"). Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. It is management's opinion, however, that the accompanying unaudited interim condensed consolidated financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.

The accompanying unaudited interim condensed consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2018 as filed with the SEC on April 15, 2019 (the "Annual Report"), which contains the audited financial statements and notes thereto, together with Management's Discussion and Analysis, for the years ended December 31, 2018 and 2017. The financial information as of December 31, 2018 is derived from the audited financial statements presented in the Annual Report. The interim results for the three months ended September 30, 2019 are not necessarily indicative of the results to be expected for the year ending December 31, 2019 or for any future interim periods.

Use of Estimates – The preparation of unaudited condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the unaudited condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the unaudited interim condensed consolidated financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future intervening events. Accordingly, the actual results could differ significantly from estimates.

Significant estimates underlying the financial statements include the fair value of acquired assets and liabilities associated with acquisitions; assessment of goodwill impairment, other intangible assets and long-lived assets for impairment; allowances for doubtful accounts and assumptions related to the valuation allowances on deferred taxes, the valuation of stock-based compensation and the valuation of stock warrants.

Principles of Consolidation – The accompanying unaudited condensed consolidated financial statements include the accounts of the Company, its wholly-owned subsidiaries and its VIE, Jiangxi PDN Culture & Media Co. All significant intercompany balances and transactions have been eliminated in consolidation.

Variable Interest Entity – (VIE)

Financial Information of VIE

In November 2017, Jiangxi PDN Culture Media Co., Ltd became a consolidated VIE. Liabilities recognized as a result of consolidating this VIE do not represent additional claims on the Company’s general assets. VIE assets can be used to settle obligations of the primary beneficiary. The financial information of Jiangxi PDN Culture & Media Co., which was included in the accompanying condensed financial statements, is presented as follows:

	September 30, 2019	December 31, 2018
	<i>(in thousands)</i>	
Cash and cash equivalents	\$ 109	683
Total assets	\$ 1,352	1,180
Total liabilities	\$ 335	65

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
	<i>(in thousands)</i>		<i>(in thousands)</i>	
Total net revenue	\$ 7	\$ -	\$ 41	\$ -
Net loss	\$ (74)	\$ (23)	\$ (149)	\$ (132)

Goodwill and Intangible Assets - The Company accounts for goodwill and intangible assets in accordance with ASC 350, Intangibles – Goodwill and Other (“ASC 350”). ASC 350 requires that goodwill and other intangibles with indefinite lives should be tested for impairment annually or on an interim basis if events or circumstances indicate that the fair value of an asset has decreased below its carrying value.

Goodwill is tested for impairment at the reporting unit level on an annual basis (December 31 for the Company) and between annual tests if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying value. The Company considers its market capitalization and the carrying value of its assets and liabilities, including goodwill, when performing its goodwill impairment test.

When conducting its annual goodwill impairment assessment, the Company initially performs a qualitative evaluation of whether it is more likely than not that goodwill is impaired. If it is determined by a qualitative evaluation that it is more likely than not that goodwill is impaired, the Company then compares the fair value of the Company’s reporting unit to its carrying or book value. If the fair value of the reporting unit exceeds its carrying value, goodwill is not impaired and the Company is not required to perform further testing. If the carrying value of a reporting unit exceeds its fair value, the Company will measure any goodwill impairment losses as the amount by which the carrying amount of a reporting unit exceeds its fair value, not to exceed the total amount of goodwill allocated to that reporting unit.

Revenue Recognition – Revenue is recognized when all of the following conditions exist: (1) persuasive evidence of an arrangement exists, (2) services are performed, (3) the sales price is fixed or determinable, and (4) collectability is reasonably assured.

Membership Fees and Related Services

Membership fees are collected up-front and member benefits become available immediately; however those benefits must remain available over the 12 month membership period. At the time of enrollment, membership fees are recorded as deferred revenue and are recognized as revenue ratably over the 12 month membership period. Members who are enrolled in this plan may cancel their membership in the program at any time and receive a partial refund (amount remaining in deferred revenue) or due to consumer protection legislation, a full refund based on the policies of the member’s credit card company.

Starting January 2, 2018, we also offer a monthly membership for which we collect fees on a monthly basis and we recognize revenue in the same month as we collect the monthly fees.

Revenue from related membership services are derived from fees for development and set-up of a member’s personal on-line profile and/or press release announcements. Fees related to these services are recognized as revenue at the time the on-line profile is complete and press release is distributed.

Deferred Revenue – Deferred revenue includes customer deposits received prior to performing services which are recognized as revenue when revenue recognition criteria are met, and membership fees for annual memberships that are collected at the time of enrollment and are recognized as revenue ratably over the 12 month membership period.

Recruitment Services

The Company's recruitment services revenue is derived from the Company's agreements through single and multiple job postings, recruitment media, talent recruitment communities, basic and premier corporate memberships, hiring campaign marketing and advertising, e-newsletter marketing and research and outreach services. Recruitment revenue includes revenue recognized from direct sales to customers for recruitment services and events, as well as revenue from the Company's direct e-commerce sales. Direct sales to customers are most typically a twelve month contract for services and as such the revenue for each contract is recognized ratably over its twelve month term. Event revenue is recognized in the month that the event takes place and e-commerce sales are for one month job postings and the revenue from those sales are recognized in the month the sale is made. Our recruitment services mainly consist of the following products:

- On-line job postings to our diversity sites and to our broader network of websites including the National Association for the Advancement of Colored People, National Urban League and over 20 other partner organizations
- OFCCP job promotion and recordation services
- Diversity job fairs, both in person and virtual fairs
- Diversity recruitment job advertising services
- Cost per application, a service that employers can purchase whereby PDN sources qualified candidates and charges only for those applicants who meet the employers' minimum qualifications
- Diversity executive staffing services

Product Sales and Other Revenue

Products offered to members relate to custom made plaques. Product sales are recognized as deferred revenue at the time the initial order is placed. Revenue is then recognized at the time these products are shipped. The Company's shipping and handling costs are included in cost of sales in the accompanying consolidated statements of operations.

Education and Training

The Company works with its business partners to provide education and training seminars to business people in China. Revenues are recognized in the month when the seminar takes place.

Consumer Advertising and Marketing Solutions

The Company provides career opportunity services to its various partner organizations through advertising and job postings on their websites. The Company works with its partners to develop customized websites and job boards where the partners can generate advertising, job postings and career services to their members, students and alumni. Consumer advertising and marketing solutions revenue is recognized as jobs are posted to their hosted sites.

The Company's partner organizations include NAACP and National Urban League, VetJobs, among others.

Discontinued Operations

On May 25, 2018, the Company sold Noble Voice to a long-time customer of the Company and exited the business segment previously conducted by Noble Voice. The sales included all property, equipment, intangible assets, and other long-term assets. The Company retained cash, receivables, payables, and other current and non-current assets and liabilities. The purchase price was \$200,000 and the gain on the transaction was approximately \$64,000.

All historical operating results for Noble Voice are included in a loss from discontinued operations, net of tax, in the accompanying consolidated statement of operations. During the three months ended September 30, 2019, income from discontinued operations was \$62,000, net of tax expense of \$4,000, compared to a loss of \$41,000, net of tax expense of \$26,000 during same period in the prior year. During nine months ended September 30, 2019, income from discontinued operations was \$19,000, net of tax expense of \$1,000, compared to a loss of \$425,000, net of tax benefit of \$25,000 during same period in the prior year.

Assets and liabilities that the Company retained, which were previously reported in the Noble Voice operating segment, are now included in current assets from discontinued operations, and current liabilities from discontinued operations. As of September 30, 2019, the current assets from discontinued operations were \$1,000, compared to \$126,000 as of December 31, 2018. As of September 30, 2019, current liabilities from discontinued operations were \$208,000 compared to \$347,000 as of December 31, 2018.

Advertising and Marketing Expenses – Advertising and marketing expenses are expensed as incurred or the first time the advertising takes place. The production costs of advertising are expensed the first time the advertising takes place. For the three months ended September 30, 2019 and 2018, the Company incurred advertising and marketing expenses of approximately \$164,000 and \$387,000, respectively. For the nine months ended September 30, 2019 and 2018, the Company incurred advertising and marketing expenses of approximately \$461,000 and \$1,060,000, respectively. These amounts are included in sales and marketing expenses in the accompanying condensed consolidated statements of comprehensive loss. At September 30, 2019 and December 31, 2018, there were no prepaid advertising expenses recorded in the accompanying condensed consolidated balance sheets.

Net Loss per Share – The Company computes basic net loss per share by dividing net loss per share available to common stockholders by the weighted average number of common shares outstanding for the period and excludes the effects of any potentially dilutive securities. Diluted earnings per share, if presented, would include the dilution that would occur upon the exercise or conversion of all potentially dilutive securities into common stock using the “treasury stock” and/or “if converted” methods as applicable. The computation of basic net loss per share for the three months ended September, 2019 and 2018 excludes the potentially dilutive securities summarized in the table below because their inclusion would be anti-dilutive.

	As of September 30,	
	2019	2018

Recently Adopted Accounting Pronouncements

In February 2016, the FASB issued new lease accounting guidance ASU No. 2016-02, “Leases” (“ASU 2016-02”), as amended by ASU 2018-10, “Codification Improvements to Topic 842, Leases” and ASU 2018-11, “Leases (Topic 842): Targeted Improvements.” Under the new guidance, at the commencement date, lessees will be required to recognize a lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term. The new guidance is not applicable for leases with a term of 12 months or less. Lessor accounting is largely unchanged. Public business entities should apply the amendments in ASU 2016-02 for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted upon issuance. ASC 842 was previously required to be adopted using the modified retrospective approach. However, in July 2018, the FASB issued ASU 2018-11, which allows for retrospective application with the recognition of a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. Under this option, entities would not need to apply ASC 842 (along with its disclosure requirements) to the comparative prior periods presented. Management expects that most of its operating leases (primarily office space) will be recognized as operating lease liabilities and right of use assets on its consolidated balance sheet. The Company has elected to adopt certain of the optional practical expedients, including the package of practical expedients, which, among other things, gives the option to not reassess: 1) whether expired or existing contracts are or contain leases; 2) the lease classification for expired or existing leases; and 3) initial direct costs for existing leases. The Company adopted ASC 842, effective January 1, 2019.

As of September 30, 2019, right of use assets were \$180,000, current lease obligations were \$190,000, and non-current lease obligations were \$1,000.

During the three and nine months ended September 30, 2019, the Company recorded lease amortization expense of \$85,000 and \$257,000, respectively, which is continued to be classified in general and administrative expense in the condensed consolidated statements of operations and comprehensive loss.

6. Related Party Transactions

Note Payable

On November 5, 2018, the Company entered into a note purchase agreement (the “Note Purchase Agreement”) with GNet Tech Holdings Public Limited Company (the “GNet Tech”), a related party through one of the Company’s shareholders, Cosmic Forward Limited (“CFL”), pursuant to which the Company issued to GNet Tech a \$500,000 convertible promissory note with an interest rate of 6% per annum (the “Note”). The Note shall mature six months after the date of issuance (the “Maturity Date”). Pursuant to the Note Purchase Agreement and the Note, at any time on or after the Maturity Date, at the election of the note holder, the Note will convert into the Company’s common stock (the “Common Stock”) at a conversion price of the lower of (i) the closing price of the Common Stock on NASDAQ immediately preceding the date of issuance or the date of conversion, as applicable, or (ii) the average closing price of the Common Stock on NASDAQ for the five trading days immediately preceding the date of issuance or the date of conversion, as applicable (the “Minimum Price”). However, in no event shall the conversion price be less than the Minimum Price on the date of issuance. The issuance of the Note is exempt from registration pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended, as a transaction not involving a public offering.

On April 30, 2019, the Company amended a note purchase agreement from November 5, 2018 with GNet Tech Holdings Public Limited Company (the “GNet Tech”), a related party through one of the Company’s shareholders, Cosmic Forward Limited (“CFL”), pursuant to which maturity of the \$500,000 convertible promissory note.

On June 14, 2019, the Company issued 209,205 shares to convert, and as a result the Note has been satisfied and is no longer outstanding.

Revolving Credit Facility

On November 16, 2018, the Company entered into a revolving credit facility agreement with GNet Tech Holdings Public Limited Company (GNet, “”), that matures on May 31, 2020, under which we can draw up to GBP £1,500,000 (approximately \$2,000,000). Interest is payable on any outstanding principal balance at a rate equal to the LIBOR rate plus 4%. Amounts drawn under this facility are payable at the end of one, three, or six months periods at the election of the Company. On January 14, 2019, the Company drew \$293,000 under this facility and repaid it on June 7, 2019. At September 30, 2019, the Company did not have any outstanding debt under this facility.

At November 18, 2019, approximately \$2,000,000 was available for us to draw.

7. Commitments and Contingencies

Lease Obligations – The Company leases office space and equipment under various operating lease agreements, including an office for its headquarters, as well as office spaces for its events business, sales and administrative offices under non-cancelable lease arrangements that provide for payments on a graduated basis with various expiration dates.

The Company adopted Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 842, effective January 1, 2019. Under the new guidance, at the commencement date, lessees are required to recognize a lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term. The new guidance is not applicable for leases with a term of 12 months or less. ASC 842 was previously required to be adopted using the modified retrospective approach. However, in July 2018, the FASB issued ASU 2018-11, which allows for retrospective application with the recognition of a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. Under this option, entities would not need to apply ASC 842 (along with its disclosure requirements) to the comparative prior periods presented.

As of September 30, 2019, right of use assets were \$180,000, current lease obligations were \$190,000, and non-current lease obligations were \$1,000.

Short-term Loan

On July 24, 2019, our China Operations entered into an enterprise loan agreement with Guangzhou Zhongtianshengxiang Technology in amount of RMB 2,000,000 (approximately \$280,000), payable by July 16, 2020. Interest at a rate of 5% per annum is payable at the end of the loan term.

During the quarter ended September 30, 2019, The Company recorded lease amortization expense of \$85,000 which is continued to be classified in general and administrative expense in the condensed consolidated statements of operations and comprehensive loss.

Total lease expense, including lease amortization, of approximately \$136,000 and \$87,000 for the three months ended September 30, 2019 and 2018, respectively, and \$351,000 and \$495,000 for the nine months ended September 30, 2019 and 2018, respectively, is included in general and administrative expense in the condensed consolidated statements of operations and comprehensive loss.

Legal Proceedings

In a letter dated October 12, 2017, White Winston Select Asset Funds (“White Winston”) threatened to assert claims against the Company in excess of \$2 million based on White Winston’s contention that the Company’s conduct delayed White Winston’s ability to sell shares in the Company during a period when the Company’s stock price was generally falling. On April 30, 2018, White Winston filed a lawsuit, entitled White Winston Select Asset Funds, LLC, No. 18-cv-10844, (the “Federal Action”) in the United States District Court for the District of Massachusetts, asserting federal jurisdiction based on diversity of citizenship. The four-count complaint in the Federal Action alleged that White Winston is entitled to recover compensatory damages of \$1,708,233, plus attorneys’ fees, treble damages and other amounts. White Winston served the complaint on July 12, 2018, and the Company moved to dismiss the entire action for failure to state a claim. On October 15, 2018, prior to addressing the motion to dismiss, the Court issued an order noting that White Winston (which is a limited liability company) had failed to allege the citizenship of its members and ordered White Winston to show cause that complete diversity exists between the parties and that the Court had jurisdiction. On October 23, 2018, White Winston dismissed the Federal Action without prejudice. On December 18, 2018, White Winston filed a complaint in Massachusetts Superior Court in Suffolk County in Boston alleging the same claims and rights to relief as in the Federal Action. The Company again moved to dismiss the complaint in its entirety for failure to state a claim. The Court heard the motion on May 29, 2019 issued a written order on May 30, 2019 denying the motion. On July 10, 2019, the Court held a Rule 16 conference, following which it set a case management schedule. Fact discovery has now commenced. The Company denies liability for all claims.

NAPW is a defendant in a Nassau County (NY) Supreme Court case, whereby TL Franklin Avenue Plaza LLC has sued NAPW with respect to NAPW’s former Garden City NY Premises. NAPW had surrendered the Premises to the Landlord, and the Landlord is suing NAPW for the balance of the rent due under the Lease Term – which term is less than one year remaining. The case is currently being litigated, summary judgment was rendered for the plaintiff and only the calculation of damages remains in this litigation.

The Company and its wholly-owned subsidiary, NAPW, Inc., are parties to a proceeding captioned Deborah Bayne, et al. vs. NAPW, Inc. and Professional Diversity Network, Inc., No. 18-cv-3591 (E.D.N.Y.), filed in June of 2018 and alleging violations of the Fair Labor Standards Act and certain provisions of the New York Labor Law. The Company disputes that it or its subsidiary violated the applicable laws or that either entity has any liability and intends to vigorously defend against these claims. The matter is in the final stages of discovery. The potential financial impact on the Company is inherently uncertain at this point.

The Company was named in a state court action in Miami-Dade County, No. 2019-014773-CA-01 by Local Staffing, LLC (“Local Staffing”) vs. Professional Diversity Network, Inc. on alleged breach of contract and account stated claims. The Company disputes liability, but has entered into a confidential settlement agreement and parties agreed to dismiss the case. The order dismissing this case has now been entered.

General Legal Matters

From time to time, the Company is involved in legal matters arising in the ordinary course of business. While the Company believes that such matters are currently not material, there can be no assurance that matters arising in the ordinary course of business for which the Company is, or could be, involved in litigation, will not have a material adverse effect on its business, financial condition or results of operations.

8. Employment Agreements

On March 11, 2019 (the “He Effective Date”), the Company entered into an employment agreement (the “He Employment Agreement”) with Mr. Xin (Adam) He, which He Employment Agreement continues until terminated in writing by either party or earlier terminated pursuant to the provisions of the He Employment Agreement. Under the He Employment Agreement, Mr. He will serve as the Company’s Chief Financial Officer, and receive an annual base salary of \$200,000, subject to adjustment in the sole discretion of the Board or the Compensation Committee of the Board; provided however, that such annual base salary may not be decreased during Mr. He’s employment period. Mr. He will be eligible to receive an annual incentive bonus in an amount equal to up to fifty percent (50%) of his base salary, based upon the achievement of one or more performance goals, targets, measurements and other factors, established for such year by the Compensation Committee. Mr. He will also participate in all benefit plans and programs, subject to certain conditions and exceptions, as are generally provided by the Company to its other senior executive employees.

Under the terms of the He Employment Agreement, Mr. He is subject to non-solicitation, non-competition and non-interference restrictive covenants during his employment and for the 12-month period following his last day of employment with the Company. The He Employment Agreement also contains customary confidentiality, work product and return of Company property covenants.

In addition, Mr. He is entitled to severance pay if he is terminated without “cause” or resigns for “good reason,” each as defined in the He Employment Agreement. Upon such termination, Mr. He will be entitled to receive an amount equal to 30 days of his base salary, any earned but unpaid bonus for the year prior to the year of termination, and the pro rata portion of any bonus earned for the year in which termination occurs, as well as continuation of applicable benefits for a period of six months following his termination.

In connection with the approval of the He Employment Agreement, Mr. He also received a non-qualified stock option to purchase 30,000 shares of the Company’s common stock. The option will vest in accordance with the following schedule: (i) 1/3 of the shares underlying the option will vest immediately upon award, (ii) 1/3 of the shares underlying the option will vest on the first anniversary of the He Effective Date, and (iii) 1/3 of the shares underlying the option will vest on the second anniversary of the He Effective Date.

On October 10, 2019, Ms. Star Jones (“Ms. Jones”), the Company’s President and a member of the Board, announced her resignation from her position as the President effective as of December 31, 2019 and that she will not run for reelection as a director of the Company at the next annual shareholder meeting of the Company, which is currently scheduled to take place on December 17, 2019. Ms. Jones’ employment agreement with the Company expired on September 24, 2019. During the period between September 25, 2019 and December 31, 2019, Ms. Jones will receive the same level of compensation and benefits as before. At such meeting, the Board of Directors resolved to accept Ms. Jones’ resignation. Ms. Jones served in such capacity since September 2014, and her decision to resign was not due to any disagreement with the Company (as described in Item 5.02(a) of Form 8-K). The Company thanks Ms. Jones for her years of service to the Company.

On November 15, 2019, the Board of Directors of Professional Diversity Network, Inc. (the “Company”) appointed Mr. Xin (Adam) He (“Mr. He”), the Chief Financial Officer of the Company, to be the interim Chief Executive Officer of the Company effective immediately. The Board also appointed Mr. He to be a director of the Company filling the vacancy created by the resignation of Mr. Maoji (Michael) Wang. Mr. He will not receive any additional compensation for serving as the interim CEO and director of the Company.

9. Income Taxes

The effective income tax rate for the three months ended September 30, 2019 and 2018 was 5.1% and 2.6%, respectively, resulting in a \$45,000, and \$190,000 income tax benefit, respectively. The effective income tax rate for the nine months ended September 30, 2019 and 2018 was 4.0% and 4.9%, respectively, resulting in a \$113,000 and \$562,000 income tax benefit, respectively. The difference in the effective income tax rate for the three and nine months ended September 30, 2019, compared to the three and nine months ended September 30, 2018, is mainly attributable to the decrease in tax rates pursuant to the U.S. Tax Cuts and Jobs Act, and a change in the valuation allowance. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred income tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based on the consideration of these items, management has determined that enough uncertainty exists relative to the realization of the deferred income tax asset balances to warrant the application of a full valuation allowance as of September 30, 2019 and December 31, 2018.

The U.S. Tax Cuts and Jobs Act subjects a U.S. parent shareholder to current tax on its “global intangible low-taxed income” (GILTI). We are allowed under ASC 740 to elect an accounting policy choice of either (1) treating taxes due on future U.S. inclusions in taxable income related to GILTI as a current period expense when incurred or (2) factoring such amounts into the Company’s measurement of its deferred taxes. The Company has elected to account for GILTI as a current period expense when incurred.

10. Stock-Based Compensation

Equity Incentive Plans – The Company’s 2013 Equity Compensation Plan (the “2013 Plan”) was adopted for the purpose of providing equity incentives to employees, officers, directors and consultants including options, restricted stock, restricted stock units, stock appreciation rights, other equity awards, annual incentive awards and dividend equivalents. The Company amended the 2013 Plan to increase the number of authorized shares of common stock under the Plan from 225,000 shares to 615,000 shares, which the Company’s stockholders approved on June 26, 2017. The Company further amended the 2013 Plan to increase the number of authorized shares of common stock under the Plan by 300,000 shares, which the Company’s stockholders approved and ratified on November 8, 2018. The Company is now authorized to issue 915,000 shares under the amended 2013 Plan.

12. Subsequent Events

The Company evaluates subsequent events and transactions that occur after the balance sheet date up to the date that the consolidated financial statements were issued for potential recognition or disclosure. Other than as described below, the Company did not identify any subsequent events that would have required adjustment or disclosure in the consolidated financial statements.

On October 10, 2019, Ms. Star Jones (“Ms. Jones”), the Company’s President and a member of the Board, announced her resignation from her position as the President effective as of December 31, 2019 and that she will not run for reelection as a director of the Company at the next annual shareholder meeting of the Company, which is currently scheduled to take place on December 17, 2019. Ms. Jones’ employment agreement with the Company expired on September 24, 2019. During the period between September 25, 2019 and December 31, 2019, Ms. Jones will receive the same level of compensation and benefits as before. At such meeting, the Board of Directors resolved to accept Ms. Jones’ resignation. Ms. Jones served in such capacity since September 2014, and her decision to resign was not due to any disagreement with the Company (as described in Item 5.02(a) of Form 8-K). The Company thanks Ms. Jones for her years of service to the Company.

On November 15, 2019, the Board of Directors of Professional Diversity Network, Inc. (the “Company”) appointed Mr. Xin (Adam) He (“Mr. He”), the Chief Financial Officer of the Company, to be the interim Chief Executive Officer of the Company effective immediately. The Board also appointed Mr. He to be a director of the Company filling the vacancy created by the resignation of Mr. Maoji (Michael) Wang. Mr. He will not receive any additional compensation for serving as the interim CEO and director of the Company.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Unless we specify otherwise, all references in this Quarterly Report on Form 10-Q (the "Quarterly Report") to "PDN," "the Company," "we," "our," and "us" refer to Professional Diversity Network, Inc. and its consolidated subsidiaries. The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our consolidated financial statements and the related notes thereto in Item 1, "Financial Statements," in Part I of this Quarterly Report. This discussion contains forward-looking statements, which are based on our assumptions about the future of our business. Our actual results will likely differ materially from those contained in the forward-looking statements. Please read "Special Note Regarding Forward-Looking Statements" for additional information regarding forward-looking statements used in this Quarterly Report.

Overview

We are an operator of professional networks with a focus on diversity, employment, education and training. We use the term "diversity" (or "diverse") to describe communities, or "affinities," that are distinct based on a wide array of criteria, including ethnic, national, cultural, racial, religious or gender classification. We serve a variety of such communities, including Women, Hispanic-Americans, African-Americans, Asian-Americans, Disabled, Military Professionals, and Lesbian, Gay, Bisexual and Transgender (LGBT+).

We currently operate in three business segments: (i) Professional Diversity Network ("**PDN Network**"), which includes online professional networking communities with career resources tailored to the needs of various diverse cultural groups and employers looking to hire members of such groups, (ii) National Association of Professional Women ("**NAPW Network**"), a women-only professional networking organization, and (iii) China operations ("**China Operations**"), which focuses on providing tools, products and services in China which will assist women, students and business professionals in personal and professional development.

Our value proposition is simple: (i) we provide a robust online and in-person network for our women members to make professional and personal connections for our diverse audience of women: African Americans, Hispanics, Asians, Veterans, individuals with disabilities and members of the gay community (with the ability to roll out to our other affinities); (ii) we assist our registered users, or members, in their efforts to connect with like-minded individuals and identify career opportunities within the network; (iii) we help employers address their workforce diversity needs by connecting them with the right candidates; and (iv) we leverage our U.S. expertise and China connections to deliver these values to China, one of the world's fastest-growing markets for professional networking.

In 2017, the Company established PDN Hong Kong and PDN China through its wholly owned subsidiary there. We are currently executing our strategic plan to build in China entirely new networking, training and education businesses. We believe that coupling the Company's expertise in networking and careers with our Chinese executives' expertise in the China market will provide us with an opportunity for success with our overseas expansion

In June of 2019, the Company established a new wholly owned subsidiary – Kids Enrichment Academy Ltd. ("KEA") in Beijing, which will offer after-school and online education programs for primary and secondary schools in China. Through a combination of online and offline experience, KEA will create a variety of programs including science education, STEAM education (an educational approach to learning that uses Science, Technology, Engineering, the Arts and Mathematics as access points for guiding student inquiry, dialogue, and critical thinking), mental health education, etc.

On September 17, 2019, Jiangxi PDN Culture Media Co., Ltd. ("Jiangxi PDN"), a company established under the laws of the People's Republic of China and a variable interest entity (VIE) controlled by Professional Diversity Network, Inc. ("PDN"), entered into an Agreement of Acquisition and Equity Transfer (the "Agreement") with Guangzhou Zengcheng District Zhili Education Training Center, a nonprofit private enterprise established under the laws of the Peoples' Republic of China ("Zhili"), Guangzhou Angyue Education Consulting Company Limited, a limited liability company established under the laws of the Peoples' Republic of China ("Angyue", and together with Zhili, the "Target Companies") and their respective shareholders and controlling persons (the "Sellers"). The Agreement was subsequently amended on September 21, 2019.

Pursuant to the Agreement, PDN will issue 915,864 shares of Common Stock (the "Equity Swap Shares") at a per share price equal to \$1.50 (i.e., the average closing price for the 30-day period immediately prior to the signing of the Agreement) for a total valuation of \$1,373,795 to the Sellers in exchange for 51% of the total outstanding equity interests of each Target Company. One of the Sellers, Ms. Yuman Hu, will hold the remaining 49% of the total outstanding equity interests of the Target Companies after the transaction and will be responsible for the day-to-day management of the Target Companies.

According to the "2019 China Education Industry Research Report" by Amazing House, China's K12 education market size was about 880 billion RMB in 2018. By 2019, the market size is expected to reach 1 trillion RMB, with a compound annual growth rate of 16.2% in five years. As a subdivision in the K12 field, after-school educational programs are also in high demand. According to the National Statistical Reports on Education Development and "2017 China Family Quality Education Consumption Report" by Rayee ACE, the potential market size of after-school educational programs in China by 2020 will reach 171 billion RMB.

Through the third quarter of 2019, our PDN Network, NAPW Network, and China Operations businesses represented 50.3%, 48.5%, and 1.2% of our revenues, respectively. As of September 30, 2019, we had approximately 10.8 million registered users in our PDN Network and approximately 951,000 registered users, or members, in the NAPW Network. Included in 950,000 NAPW Network registered users, there were 7,000, and 15,000 paid members as of September 30, 2019 and 2018, respectively. We believe that the combination of our solutions allows us to approach recruiting and professional networking in a unique way and thus create enhanced value for our members and customers.

Sources of Revenue

We generate revenue from (i) paid membership subscriptions and related services, (ii) recruitment services, (iii) product sales, (iv) education and training and (v) consumer advertising and consumer marketing solutions. The following table sets forth our revenues from each product as a percentage of total revenue for the periods presented. The period-to-period comparison of financial results is not necessarily indicative of future results.

Paid Membership Subscriptions and Related Services. Paid Membership Subscriptions and Related Services. We offer paid membership subscriptions through our NAPW Network, a women-only professional networking organization, operated by our wholly-owned subsidiary. Members gain access to networking opportunities through a members-only website at www.iawomen.com and “virtual” eChapter events which occur in a webcast setting as well as through in-person networking at approximately 100 local chapters nationwide, additional career and networking events such as the National Networking Summit Series, Power Networking Events and the PDN Network events. NAPW members also receive ancillary (non-networking) benefits such as educational discounts, shopping, and other membership perks. The basic package is the Initiator level, which provides online benefits only. Upgrades to an Innovator membership include the Initiator benefits as well as membership in local chapters, and access to live in-person events. The most comprehensive level, the Influencer, provides all the aforementioned benefits plus admission to exclusive “live” events and expanded opportunities for marketing and promotion, including the creation and distribution of a press release, which is prepared by professional writers and sent over major newswires. Additionally, all memberships offer educational programs with discounts or at no cost, based on the membership level. NAPW Membership is renewable and fees are payable on an annual or monthly basis, with the first fee payable at the commencement of the membership. NAPW Membership subscriptions represented approximately 99.8% and 99.7%, respectively, of revenue attributable to the NAPW Network business segment for the three months ended September 30, 2019 and 2018, and 99.7% for the nine months ended September 30, 2019 and 2018.

As part of the launch of IAW in the United States, the Company began to offer a monthly membership option in January 2018, in addition to an annual membership option. While this has increased the number of new members registering, membership revenue is received on a monthly rather than an annual basis. The new IAW is focused on delivering member benefits and providing value to those who join as paid members.

In the third quarter of 2017, PDN China began to transact IAW annual memberships in China, ranging from RMB 20,000 to RMB 200,000 (approximately \$3,000 to \$30,000). In the fourth quarter of 2017, PDN China began to transact annual business club memberships in China, ranging from RMB 20,000 to RMB 100,000 (approximately \$3,000 to \$15,000). IAW memberships comprised approximately 0% and 100%, respectively, of revenue attributable to China Operations for the three months ended September 30, 2019 and 2018, and 13.3% and 91.9%, respectively, for the nine months ended September 30, 2019 and 2018.

Recruitment Services. We provide recruitment services through our PDN Network to employers, ranging from small to large sized organizations, seeking to diversify their employment ranks. Our recruitment services include recruitment advertising, job postings, semantic search technology and paid access to, and placement in, or advertising around our career and networking events. The majority of recruitment services revenue comes from job recruitment advertising. We also offer to businesses subject to the regulations and requirements of the Equal Employment Opportunity Office of Federal Contract Compliance Program (“**OFCCP**”) our OFCCP compliance product, which combines diversity recruitment advertising with job postings and compliance services. Recruitment advertising revenue constituted approximately 95.9% and 90.5%, respectively, of revenue attributable to the PDN Network business segment for the three months ended September 30, 2019 and 2018. For the nine months ended September 30, 2019 and 2018, recruitment advertising revenue constituted approximately 94.7% and 90.2%, respectively, of the revenue attributable to the PDN Network business segment.

Product Sales. We offer to new purchasers of our NAPW memberships the opportunity to purchase a commemorative wall plaque at the time of purchase. They may purchase up to two plaques at that time. Product sales represented approximately 0.2% and 0.3%, respectively, of revenue attributable to the NAPW Network business segment for the three months ended September 30, 2019 and 2018, and 0.3% and 0.3%, respectively, of revenue attributable to the NAPW Network business segment for the nine months ended September 30, 2019 and 2018.

Education and Training. In March of 2017 we began our China Operations by creating a Shared Economy summit series designed to provide education and training to Chinese business people. Our initial event was a paid event which generated revenue through paid event admission fees. Education and training represented approximately 100% and 0%, respectively, of the revenue attributable to China Operations for the three months ended September 30, 2019 and 2018, and 86.7% and 8.1%, respectively, of revenue attributable to China Operations for the nine months ended September 30, 2019 and 2018.

Consumer Advertising and Consumer Marketing Solutions. We work with partner organizations to provide them with integrated job boards on their websites which offer their members or customers the opportunity to post recruitment advertising and job openings. We generate revenue from fees charged for those postings. Consumer advertising and marketing solutions represented approximately 4.1% and 9.5%, respectively, of the revenue attributable to the PDN Network business segment for the three months ended September 30, 2019 and 2018. For the nine months ended September 30, 2019 and 2018, consumer advertising and consumer marketing solutions revenue constituted approximately 5.3% and 9.8%, respectively, of the revenue attributable to the PDN Network business segment.

Cost of Revenue

Cost of revenue primarily consists of costs of producing job fair and other events, revenue sharing with partner organizations, costs of web hosting and operating our websites for the PDN Network, and costs of producing education and training events and serving IAW members for our China business. Costs of local chapter meetings, hosting member conferences and producing wall plaques are also included in the cost of revenue for NAPW Network.

Financial Overview

During the three and nine months ended September 30, 2019, we experienced losses as we continued our efforts to develop China Operations, reduce costs and streamline our business. For the three months ended September 30, 2019, we realized a net loss from continuing operations of approximately \$839,000, a \$6,350,000 decrease from the comparable prior year period. This decrease in net loss was primarily a result of a \$5,251,000 goodwill impairment charge that was recorded in our NAPW segment during third quarter of 2018, a decrease of \$434,000 in amortization expense of long-lived intangible assets of our NAPW segment as a result of \$2,796,000 impairment charge the Company recorded in fourth quarter of 2018, a decrease of \$402,000 in overall sales and marketing costs, and a decrease of \$396,000 in overall general and administrative costs, partially offset by a decrease of \$596,000 in revenues from membership fees. For the nine months ended September 30, 2019, we realized a net loss from continuing operations of approximately \$2,726,000, a \$8,128,000 decrease from the comparable prior year period. This decrease in net loss is primarily related to a \$5,251,000 goodwill impairment charge that was recorded during third quarter of 2018, a decrease of \$2,012,000 in overall general and administrative expenses, a decrease of \$1,306,000 in amortization expense of long-lived intangible assets of our NAPW segment as a result of \$2,796,000 impairment charge the Company recorded in fourth quarter of 2018, and a decrease of \$1,199,000 in overall sales and marketing costs, partially offset by a decrease of \$2,109,000 in revenues from membership fees. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to further implement its business plan, raise capital, and generate revenues. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Key Metrics

We believe that one of the key metrics in evaluating and measuring our performance is the number of registered users. We define the number of registered users as (i) the number of individual job seekers who affirmatively visited one of PDN Network's properties, opted into an affinity group and provided us with demographic or contact information enabling us to match them with employers and/or jobs (PDN Network registered users); and (ii) the number of consumers who have viewed our marketing material, opted into membership in the NAPW Network, provided demographic information and engaged in an onboarding call with a membership coordinator (NAPW Network registered users). We believe that a higher number of registered users will result in increased sales of our products and services, as customers will have access to a larger pool of professional talent. However, a higher number of registered users will not immediately translate to increased revenue, as there is a lag between the time we acquire a registered user through our lead-generation process and the time we generate revenue from a registered user by selling them one of our paid products or services.

The following table sets forth the number of registered users on our PDN Network and total membership on our NAPW Network as of the periods presented:

	As of September 30,		Change (Percent)
	2019	2018	
	(in thousands)		
PDN Network Registered Users (1)	10,776	10,659	1.1%
NAPW Network Total Membership (2)	950	954	(0.4)%

(1) The number of registered users may be higher than the number of actual users due to various factors. For more information, see "Risk Factors page #18 —The reported number of our registered users is higher than the number of actual individual users, and a substantial majority of our visits are generated by a minority of our users" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the "2018 Annual Report" as filed with the SEC on April 15, 2019).

(2) Includes both Paid Members and Unpaid Members. There were 7,000, and 15,000 Paid Members as of September 30, 2019 and 2018, respectively.

Non-GAAP Financial Measure

Adjusted EBITDA

We believe Adjusted EBITDA provides a meaningful representation of our operating performance that provides useful information to investors regarding our financial condition and results of operations. Adjusted EBITDA is commonly used by financial analysts and others to measure operating performance. Furthermore, management believes that this non-GAAP financial measure may provide investors with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. However, while we consider Adjusted EBITDA to be an important measure of operating performance, Adjusted EBITDA and other non-GAAP financial measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. Further, Adjusted EBITDA, as we define it, may not be comparable to EBITDA, or similarly titled measures, as defined by other companies.

The following table provides a reconciliation of Net Loss from continuing operations to Adjusted EBITDA, the most directly comparable GAAP measure reported in our consolidated financial statements:

Total revenues decreased \$546,000, or 28.8% for the three months ended September 30, 2019, compared to the same prior year period, and \$2,306,000, or 36.4%, for the nine months ended September 30, 2019, compared to the same prior year period, due primarily to management's focus on reduction in sales and operations workforce as a means to improved efficiencies and operational effectiveness while rebranding the business.

Revenues by Segment

The following tables set forth each operating segment's revenues for the period presented. The period-to-period comparison is not necessarily indicative of future results.

China	48	197	(149)	(75.6)%
Total revenues	\$ 4,021	\$ 6,327	\$ (2,306)	(36.4)%

During the three months ended September 30, 2019, our NAPW Network generated \$517,000 in revenue from membership fees and related services and product sales, compared to \$1,062,000 for the same period in the prior year, a decrease of \$545,000, or 51.3%. During the nine months ended September 30, 2019, our NAPW Network generated \$1,949,000 in revenue from membership fees and related services and product sales, compared to \$3,893,000 for the same period in the prior year, a decrease of \$1,944,000, or 49.9%. The decreases in revenue was mainly attributable to significant reductions in NAPW sales staffing in early 2019. As a part of rebuilding the NAPW business, the Company drastically altered its membership acquisition model and is focused on expanding an organic acquisition strategy as well and strengthening local chapters.

During the three months ended September 30, 2019, our PDN Network generated \$824,000 in revenue, compared to \$779,000 for the same period in the prior year, an increase of \$45,000, or 5.8%. During the nine months ended September 30, 2019, our PDN Network generated \$2,024,000 in revenue, compared to \$2,237,000 for the same period in the prior year, a decrease of \$213,000, or 9.5%. The decrease was a result of lower sales staffing and resources in 2019 compared to 2018. We anticipate a very strong Q4.

During the three months ended September 30, 2019, our China Operations generated \$7,000 in revenue, compared to \$54,000 for the same period in the prior year, a decrease of \$47,000 or 87.7%. During the nine months ended September 30, 2019, our China Operations generated \$48,000 in revenue, compared to \$197,000 for the same period in the prior year, a decrease of \$149,000 or 75.6%. We did not hold any major paid events in the first nine months of 2019 as most our efforts were devoted to future business development.

During the three months ended September 30, 2019, total costs and expenses were \$2,457,000, compared to \$9,298,000 for same period in the prior year, decrease of \$6,841,000 or 73.6%. The decrease is primarily the result of a \$5,251,000 goodwill impairment charge that was recorded in our NAPW segment during third quarter of 2018, a \$429,000 or 66.0% decrease in depreciation and amortization expenses, a decrease of \$402,000, or 41.1% in overall sales and marketing costs, and \$396,000 or 22.2% decrease in general and administrative expenses.

During the nine months ended September 30, 2019, total costs and expenses were \$7,448,000, compared to \$17,795,000 for same period in the prior year, decrease of \$10,347,000 or 58.1%. The decrease is primarily the result of a \$5,251,000 goodwill impairment charge that was recorded in our NAPW segment during third quarter of 2018, \$2,012,000 or 32.4% decrease in general and administrative expenses, a \$1,325,000 or 66.6% decrease in depreciation and amortization expenses, and a \$1,199,000, or 38.8% decrease in sales and marketing expenses.

Operating Expenses

Cost of revenue: Cost of revenues decreased during the three months ended September 30, 2019 to \$271,000, compared to \$292,000 for the same period in the prior year, a decrease of \$21,000, or 7.2%. During the nine months ended September 30, 2019, cost of revenues was \$699,000, compared to \$917,000 for the same period in the prior year, a reduction of \$218,000 or 23.8%. The decrease is *in tandem* with lower revenues.

Sales and marketing expenses: Sales and marketing expenses during the three months ended September 30, 2019 were \$575,000, compared to \$977,000 for the same period in the prior year, a decrease of \$402,000, or 41.1%. The decrease was mostly attributable to a \$172,000 decrease in personnel cost primarily due to sales force reduction in our NAPW segment, and a \$160,000 reduction in lead spending in our NAPW segment. Sales and marketing for the nine months ended September 30, 2019 were \$1,895,000, compared to \$3,094,000 for the same period in the prior year, a decrease of \$1,199,000, or 38.8%. The decrease was primarily due to sales force reduction in our NAPW segment that resulted in \$414,000 decrease in personnel cost, a \$405,000 reduction in lead spending in our NAPW segment, and a \$154,000 reduction in commission expenses.

General and administrative expenses: General and administrative expenses for the three months ended September 30, 2019 were \$1,390,000, compared to \$1,786,000 for the same period in the prior year, a decrease of \$396,000 or 22.2%. The decrease was mainly attributable to a \$105,000 reduction in personnel costs, and a \$86,000 decrease in stock-based compensation. General and administrative expenses for the nine months ended September 30, 2019 were \$4,190,000, compared to \$6,202,000 for the same period in the prior year, a decrease of \$2,012,000 or 32.4%. The decrease was mainly attributable to a \$692,000 reduction in personnel costs, a \$453,000 decrease in stock-based compensation, a \$150,000 decrease in audit fees, and a \$144,000 reduction in rent expenses because we centralized our US operations in Chicago and executed a work-from-home model for certain employees at our NAPW segment in 2018.

Litigation settlement: Litigation settlement for the three and nine months ended September 30, 2018 represents primarily potential settlement accrued for various cases.

Goodwill impairment charge: As a result of the recurring operating losses incurred in NAPW since its acquisition in September 2014, the Company undertook a review of the carrying amount of its goodwill as of September 30, 2018. Accordingly, the Company recorded a goodwill impairment charge of \$5,251,000 for the three and nine months ended September 30, 2018.

Depreciation and amortization expenses: Depreciation and amortization expenses for the three months ended September 30, 2019 were \$221,000, compared to \$650,000 for the same period in the prior year, a decrease of \$429,000 or 66.0%. Depreciation and amortization expenses for the nine months ended September 30, 2019 were \$664,000, compared to \$1,989,000 for the same period in the prior year, a decrease of \$1,325,000 or 66.6%. The decrease for the three and nine months ended September 30, 2019 was mainly a result of \$2,796,000 impairment charge against long-lived intangible assets in our NAPW segment that the Company recorded in fourth quarter of 2018. Amortization of the intangible assets is listed in Note 5 on page 12 of this quarterly report.

Costs and Expenses by Segment

The following tables set forth each operating segment's costs and expenses for the period presented. The period-to-period comparison is not necessarily indicative of future results.

NAPW Network: During the three months ended September 30, 2019, total costs and expenses in our NAPW segment were \$645,000, compared to \$7,225,000 for the same period in the prior year, a decrease of \$6,580,000 or 91.1%. The decrease was a result of a \$5,251,000 goodwill impairment charge recorded on September 30, 2018, \$434,000 decrease in amortization expense of long-lived intangible assets as a result of \$2,796,000 impairment charge the Company recorded in fourth quarter of 2018, a \$210,000 decrease in personnel costs, and \$160,000 reduction in lead generation spending.

PDN Network: During the three months ended September 30, 2019, total costs and expenses in our PDN segment were \$834,000, compared to \$712,000 for the same period in the prior year, an increase of \$122,000, or 17.1%. The increase was primarily higher personnel costs, and higher cost of revenues as a result of higher revenues.

China Operations: During the three months ended September 30, 2019, total costs and expenses in our China operations were \$207,000, compared to \$502,000 for the same period in the prior year, a decrease of \$295,000 or 58.8%. The decrease was primarily cost of sales as a result of lower revenues, and lower general and administrative expenses mainly as a result of lower personnel costs.

Corporate Overhead: During the three months ended September 30, 2019, total costs and expenses incurred by our Corporate Overhead segment were \$771,000, compared to \$860,000 for the same period in the prior year, a decrease of \$89,000 or 10.3%. The decrease was primarily a result of \$86,000 decrease in stock based compensation expenses.

NAPW Network: During the nine months ended September 30, 2019, total costs and expenses in our NAPW segment were \$2,229,000, compared to \$11,253,000 for the same period in the prior year, a decrease of \$9,024,000 or 80.2%. The decrease was a result of a \$5,251,000 goodwill impairment charge recorded on September 30, 2018, \$1,306,000 decrease in amortization expense of long-lived intangible assets as a result of \$2,796,000 impairment charge the Company recorded in fourth quarter of 2018, a \$855,000 decrease in personnel costs, a \$405,000 reduction in lead generation spending, and a \$224,000 reduction in rent expenses because we centralized our US operations in Chicago and executed a work-from-home model for certain employees at our NAPW segment in 2018.

PDN Network: During the nine months ended September 30, 2019, and 2018, total costs and expenses in our PDN segment were flat at \$2,225,000 and \$2,222,000, respectively.

China Operations: During the nine months ended September 30, 2019, total costs and expenses in our China operations were \$935,000, compared to \$1,471,000 for the same period in the prior year, a decrease of \$536,000 or 36.4%. The decrease was primarily cost of sales as a result of lower revenues, and lower general and administrative expenses mainly as a result of lower personnel costs.

Corporate Overhead: During the nine months ended September 30, 2019, total costs and expenses incurred by our Corporate Overhead segment were \$2,059,000, compared to \$2,850,000 for the same period in the prior year, a decrease of \$791,000 or 27.8%. The decrease was primarily a result of \$453,000 decrease in stock based compensation expenses, and a \$150,000 reduction in audit related expenses.

The effective income tax rate for the three months ended September 30, 2019 and 2018 was 5.1% and 2.6%, respectively, resulting in a \$45,000, and \$190,000 income tax benefit, respectively. The effective income tax rate for the nine months ended September 30, 2019 and 2018 was 4.0% and 4.9%, respectively, resulting in a \$113,000 and \$562,000 income tax benefit, respectively. The difference in the effective income tax rate for the three and nine months ended September 30, 2019, compared to the three and nine months ended September 30, 2018, is mainly attributable to the decrease in tax rates pursuant to the U.S. Tax Cuts and Jobs Act, an impairment charge recognized on NAPW's goodwill, change in the valuation allowance and the foreign tax rate differential due to the Company's China Operations. Management has determined that enough uncertainty exists relative to the realization of the deferred income tax asset balances to warrant the application of a valuation allowance as of September 30, 2019 and December 31, 2018.

Net Loss from Continuing Operations by Segment

Consolidated Net Loss from continuing operations	\$ (2,726)	\$ (10,854)	\$ 8,128	(74.9)%

As the result of the factors discussed above, during the three and nine months ended September 30, 2019 we incurred \$839,000 and \$2,726,000 respectively, of net loss from continuing operations, a decrease of 88.3% and 74.9% from net loss from continuing operations of \$7,189,000 and \$10,854,000 for the three and nine months ended September 30, 2018, respectively. The \$6,350,000 decrease in net loss for the three months ended September 30, 2019 was primarily driven by a \$5,251,000 goodwill impairment charge recorded in our NAPW segment on September 30, 2018, a \$429,000 decrease in depreciation and amortization expense due to \$2,796,000 impairment charge on long-lived intangible assets in our NAPW segment that the Company recorded in fourth quarter of 2018, a \$402,000 decrease in sales and marketing expenses, and a \$396,000 decrease in general and administrative expenses, partially offset by a \$596,000 decrease in revenue from membership fees, related services at our NAPW segment. The \$8,128,000 decrease in net loss for the nine months ended September 30, 2019 was primarily driven by a \$5,251,000 goodwill impairment charge recorded in our NAPW segment on September 30, 2018, a \$2,012,000 decrease in general and administrative expenses, a \$1,325,000 decrease in depreciation and amortization expense due to \$2,796,000 impairment charge on long-lived intangible assets in our NAPW segment that the Company recorded in fourth quarter of 2018, a \$1,199,000 decrease in sales and marketing expenses, partially offset by a \$2,109,000 decrease in revenue from membership fees, related services at our NAPW segment.

NAPW Network. During the three months ended September 30, 2019, our NAPW segment incurred a net loss of \$122,000, compared to a net loss of \$5,894,000 for the three months ended September 30, 2018. The \$5,772,000 decrease in net loss for was primarily driven by a \$5,251,000 goodwill impairment charge recorded in our NAPW segment on September 30, 2018 but also continued cost cutting efforts that began in the third quarter of 2017, mainly reduction in the work force that resulted in a \$279,000 decrease in personnel costs, a \$160,000 reduction in lead generation spending, and a \$434,000 decrease in amortization expense of long-lived intangible assets as a result of \$2,796,000 impairment charge the Company recorded in fourth quarter of 2018, partially offset by a \$543,000 decrease in revenues from membership fees. During the nine months ended September 30, 2019, we incurred a loss of \$264,000, compared to net loss of \$6,952,000 for the nine months ended September 30, 2018. The \$6,688,000 decrease in net loss was primarily driven by a \$5,251,000 goodwill impairment charge recorded in our NAPW segment on September 30, a \$1,306,000 decrease in amortization expense of long-lived intangible assets as a result of \$2,796,000 impairment charge the Company recorded in fourth quarter of 2018, a reduction in the work force that resulted in a \$855,000 decrease in personnel costs, a \$405,000 reduction in lead generation spending, and a \$224,000 reduction in rent expenses because we centralized our US operations in Chicago and executed a work-from-home model for certain employees at our NAPW segment in 2018, partially offset by a \$1,935,000 decrease in revenues from membership fees.

PDN Network. During the three months ended September 30, 2019, our PDN segment generated a net profit of \$217,000, compared to a net profit of \$67,000 for the three months ended September 30, 2018, primarily due to \$220,000 change in fair value of stock to be issued in connection with acquisition of Guangzhou Zengcheng District Zhili Education Training Center. During the nine months ended September 30, 2019, we incurred a net profit of \$388,000, compared to net profit of \$31,000 for the nine months ended September 30, 2018. The increase in net profit of \$357,000 was primarily attributable to a \$376,000 write off of accounts payable recorded during the quarter ended June 30, 2019, and a \$220,000 change in fair value of stock to be issued in connection with acquisition of Guangzhou Zengcheng District Zhili Education Training Center, partially offset by a \$213,000 decrease in revenues.

China Operations. During the three months ended September 30, 2019, our China Operations incurred a net loss of \$201,000, compared to a net loss of \$429,000 for the same period in the prior year. The decrease in net loss of \$228,000 was mainly a result of a \$88,000 decrease in personnel cost, and \$30,000 decreased in cost of revenues, partially offset by lower revenues. During the nine months ended September 30, 2019, we incurred a net loss of \$906,000, compared to a net loss of \$1,241,000 for the prior year period. The decrease in net loss of \$335,000 was primarily driven by a \$163,000 decrease in personnel cost, and \$131,000 decreased in cost of revenues as a result of lower revenues.

Corporate Overhead. During the three months ended September 30, 2019, our Corporate Overhead segment incurred a net loss of \$733,000, compared to a net loss of \$933,000 for the three months ended September 30, 2018. The decrease in net loss of \$200,000 was mainly a result of a \$86,000 decrease in stock based compensation expenses. During the nine months ended September 30, 2019, we incurred a net loss of \$1,944,000, compared to a net loss of \$2,692,000 for the prior year period. The decrease in net loss of \$748,000 was primarily driven by a \$453,000 reduction in stock-based compensation, and a \$150,000 reduction in audit related fees.

Liquidity and Capital Resources

The following table summarizes our liquidity and capital resources as of September 30, 2019 and December 31, 2018, respectively, and is intended to supplement the more detailed discussion that follows:

	September 30, 2019		December 31, 2018	
	(in thousands)			
Cash and cash equivalents	\$	4,862	\$	1,442
Working (deficiency) capital	\$	149	\$	(3,384)

Our principal sources of liquidity are our cash and cash equivalents, including the net proceeds from the issuances of common stock to CFL and other investors. As of September 30, 2019 and December 31, 2018, we had working capital of approximately \$149,000 and working capital deficiency of approximately \$3,384,000, respectively. During the nine months ended September 30, 2019, we generated a net loss from continuing operations of approximately \$2,726,000, used cash in continuing operations of approximately \$3,424,000, and we expect that we will continue to generate operating losses for the foreseeable future. These conditions raise substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to further implement its business plan, raise capital, and generate revenues. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

The Company is closely monitoring operating costs and capital requirements. Management of the Company also made efforts in 2018 and first three quarters of 2019 to contain and reduce cost, including terminating non-performing employees and eliminating certain positions, replacing and negotiating with certain vendors, implementing a new approval process over travel and other expenses, and significantly reducing the cash compensation for independent board directors. We also sold our Noble Voice business on May 25, 2018 to reduce operating losses and cash burns. If we are still not successful in sufficiently reducing our costs, we may then need to dispose of our other assets or discontinue business lines.

On November 16, 2018, the Company entered into a revolving credit facility agreement with GNet Tech Holdings Public Limited Company ("GNet"), that matures on May 31, 2020, under which we can draw up to GBP £1,500,000 (approximately \$2,000,000). Interest is payable on any outstanding principal balance at a rate equal to the LIBOR rate plus 4%. Amounts drawn under this facility are payable at the end of one, three, or six months periods at the election of the Company. On January 14, 2019, the Company drew \$293,000 under this facility and repaid it on June 7, 2019. At June 30, 2019, the Company did not have any outstanding debt under this facility. At November 18, 2019, approximately \$2,000,000 was available for us to draw.

From January 9, 2019 to August 15, 2019, the Company sold an aggregate of 248,104 shares of its common stock at a purchase price ranging from \$1.146 to \$3.96 per share, representing 120% of the closing price the trading day immediately prior to the date of subscription. As of the date of this annual report, the Company has received an aggregate gross proceeds of \$514,928 under this private placement. All of the purchasers are residents of the People's Republic of China.

On August 5, 2019, the Company entered into a Stock Purchase Agreement with one purchaser Ms. Yingling Wu (the "Purchaser Wu"), pursuant to which the Purchaser Wu agreed to purchase 1,142,857 shares (the "Shares") of the Company's common stock for \$1.75 per share for gross proceeds of \$2,000,000 (the "Purchase Price"). This transaction was closed on August 6, 2019.

On September 5 and 9, 2019, the Company entered into Stock Purchase Agreements with Ms. Yao Wei Ling, an individual and a resident of the People's Republic of China ("Yao"), in connection with the purchase by Yao of 442,830 shares of common stock of the Company (collectively the "Yao Shares"), Mr. Gao Yin Chun, an individual and a resident of the People's Republic of China ("Gao"), in connection with the purchase by Gao of 189,873 shares of common stock of the Company (collectively the "Gao Shares"), and EGBT Foundation Ltd., a Singapore public company limited by guarantee ("EGBT"), in connection with the purchase by EGBT of 1,265,823 shares of common stock of the Company (collectively the "EGBT Shares", and together with Yao Shares and Gao Shares, the "Shares"). These transactions occurred at a price of \$1.58 per share for gross proceeds of \$699,673, \$300,000, and \$2,000,000, respectively. The closing of the transactions with Yao and Gao took place on September 10, 2019. The closing of the EGBT transaction took place on September 30, 2019.

For additional information about the uncertainties and risks of our financing plans, see Part II, Item 1A, "Risk Factors" of this report.

We collect membership fees generally at the commencement of the membership term or at renewal periods thereafter. The memberships we sell are for one year and we defer recognition of the revenue from membership sales and renewals and recognize it ratably over the twelve month period. Starting January 2, 2018, we also offer a monthly membership for IAW in the USA for which we collect a fee on a monthly basis. Our PDN Network also sells recruitment services to employers, generally on a one year contract basis. This revenue is also deferred and recognized over the life of the contract. Our payment terms for PDN Network and Noble Voice customers range from 30 to 60 days. We consider the difference between the payment terms and payment receipts a result of transit time for invoice and payment processing and to date have not experienced any liquidity issues as a result of the payments extending past the specified terms. Cash and cash equivalents and short term investments consist primarily of cash on deposit with banks and investments in money market funds, corporate and municipal debt and U.S. government and U.S. government agency securities.

Off-Balance Sheet Arrangements

Since inception, we have not engaged in any off-balance sheet activities as defined in Regulation S-K Item 303(a)(4).

Critical Accounting Policies and Estimates

Pursuant to the provisions of the Jumpstart Our Business Startups Act (the “**JOBS Act**”), as an “emerging growth company,” we may delay adoption of new or revised accounting standards applicable to public companies until the earlier of the date that (i) we are no longer an emerging growth company or (ii) we affirmatively and irrevocably opt out of the extended transition period for complying with such new or revised accounting standards. We have elected to take advantage of the benefits of this extended transition period. Our consolidated financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards. Upon issuance of new or revised accounting standards that apply to our consolidated financial statements, we will disclose the date on which adoption is required for non-emerging growth companies and the date on which we will adopt the recently issued accounting guidelines.

Our management’s discussion and analysis of financial condition and results of operations is based on our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States, or U.S. GAAP. The preparation of these consolidated financial statements requires us to exercise considerable judgment with respect to establishing sound accounting policies and in making estimates and assumptions that affect the reported amounts of our assets and liabilities, our recognition of revenues and expenses, and disclosure of commitments and contingencies at the date of the consolidated financial statements.

We base our estimates on our historical experience, knowledge of our business and industry, current and expected economic conditions, the attributes of our products, the regulatory environment, and in certain cases, the results of outside appraisals. We periodically re-evaluate our estimates and assumptions with respect to these judgments and modify our approach when circumstances indicate that modifications are necessary. These estimates and assumptions form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

While we believe that the factors we evaluate provide us with a meaningful basis for establishing and applying sound accounting policies, we cannot guarantee that the results will always be accurate. Since the determination of these estimates requires the exercise of judgment, actual results could differ from such estimates.

There have been no material changes to the Company’s critical accounting policies and estimates as compared to the critical accounting policies and estimates described in the 2018 Annual Report, which we believe are the most critical to our business and the understanding of our results of operations and affect the more significant judgments and estimates that we use in the preparation of our financial statements.

Special Note Regarding Forward-Looking Statements

This Quarterly Report contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements concern expectations, beliefs, projections, plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. Specifically, this Quarterly Report contains forward-looking statements regarding:

- our beliefs regarding our ability to create enhanced value for our members and customers;
- our beliefs regarding the relation between the number of members or registered users and our revenues;
- our expectations regarding future changes in our salesforce;
- our expectations regarding the changes in revenues in 2018, 2019 and 2020;
- our expectations regarding future increases in sales and marketing costs and general and administrative expenses; and
- our beliefs regarding our liquidity requirements, the availability of cash and capital resources to fund our business in the future and intended use of liquidity.

These forward-looking statements reflect our current views about future events and are subject to risks, uncertainties and assumptions. We wish to caution readers that certain important factors may have affected and could in the future affect our actual results and could cause actual results to differ significantly from those expressed in any forward-looking statement. The most important factors that could prevent us from achieving our goals, and cause the assumptions underlying forward-looking statements and the actual results to differ materially from those expressed in or implied by those forward-looking statements include, but are not limited to, the following:

- our ability to raise funds in the future to support operations failure to realize synergies and other financial benefits from mergers and acquisitions within expected time frames, including increases in expected costs or difficulties related to integration of merger and acquisition partners;
- inability to identify and successfully negotiate and complete additional combinations with potential merger or acquisition partners or to successfully integrate such businesses;
- our history of operating losses;
- we may not be able to reverse the significant decline in our revenues;
- our limited operating history in a new and unproven market;
- increasing competition in the market for online professional networks;
- our ability to comply with increasing governmental regulation and other legal obligations related to privacy;
- our ability to adapt to changing technologies and social trends and preferences;
- our ability to attract and retain a sales and marketing team, management and other key personnel and the ability of that team to execute on the Company's business strategies and plans;
- our ability to obtain and maintain protection for our intellectual property;
- any future litigation regarding our business, including intellectual property claims;
- general and economic business conditions; and
- legal and regulatory developments.

The foregoing list of important factors may not include all such factors. You should consult other disclosures made by the Company (such as in our other filings with the SEC or in company press releases) for additional factors, risks and uncertainties that may cause actual results to differ materially from those projected by the Company. Please refer to Part II, Item 1A, "Risk Factors" of this Quarterly Report and to Part I, Item 1A, "Risk Factors" of our 2018 Annual Report for additional information regarding factors that could affect our results of operations, financial condition and cash flow. You should consider these factors, risks and uncertainties when evaluating any forward-looking statements and you should not place undue reliance on any forward-looking statement. Forward-looking statements represent our views as of the date of this Quarterly Report, and we undertake no obligation to update any forward-looking statement to reflect the impact of circumstances or events that arise after the date of this Quarterly Report.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of September 30, 2019, our management conducted an evaluation, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures; as is defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We recognize that there are material weaknesses related to our internal controls. Therefore, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were not effective, as of the end of the period covered by this Quarterly Report. This includes ensuring that information required to be disclosed was recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Furthermore, to provide reasonable assurance that information required to be disclosed is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

During the third quarter of 2019, we continued to undertake certain initiatives to improve and remediate material weaknesses related to our internal control over financial reporting that were identified for the year ended December 31, 2018. Specifically, we continued implementing policies to more fully segregate incompatible duties within our accounting and financial reporting functions and enhance the overall internal control structure, including a more rigorous and transparent expense approval process, and segregating check signing ability for finance personnel; we continued to implement more effective financial reporting process that included monthly and quarterly closing check-lists and monthly review of the financial reports by the Company's Finance Department. We also continued improving GAAP training of internal staff. There have been no other changes in our internal control over financial reporting during the first quarter of 2019 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

Our management had concluded that, as of September 30, 2019, we did not maintain effective controls over the preparation, review, presentation and disclosure of our financial statements. Specifically, we noted the following:

- Relevant operating information is not adequately used to develop accounting and financial information and serve as a basis for reliable financial reporting. This same operating information is also used as the basis for accounting estimates. Specifically, financial and nonfinancial indicators of going concern and impairment of assets were not completely assessed by management.
- Debt agreements are not fully reviewed for appropriate classification of outstanding debt. Specifically, the revolving credit facility agreement repayment terms were not effectually considered by management.
- Employees tend not to have competence and training necessary for their assigned levels of responsibility or the nature and complexity of the entity's activities. Specifically, Company personnel could not perform purchase accounting or fair value measurements with Company acquisitions.
- Supporting analysis is not prepared for each nonroutine event or transaction that requires management's judgement and/or estimate. Specifically, no analysis is prepared to document compliance with relevant GAAP and entity's accounting policies.
- Accounting procedures are not sufficiently formal that management can determine whether the control objective is met, documentation supporting the procedures is in place, and personnel routinely know the procedures that need to be performed. Specifically, data from foreign subsidiaries underlying financial statements is not captured completely, accurately, and timely, in accordance with the entity's policies and procedures.

We anticipate that the actions described above and resulting improvements in controls will strengthen the Company's internal control over financial reporting and will, over time, address the related material weaknesses. However, because many of the controls in the Company's system of internal controls rely extensively on manual review and approval, the successful operation of these controls may be required for several quarters prior to management being able to conclude that the material weaknesses have been remediated.

PART II

ITEM 1. LEGAL PROCEEDINGS

In a letter dated October 12, 2017, White Winston Select Asset Funds (“White Winston”) threatened to assert claims against the Company in excess of \$2 million based on White Winston’s contention that the Company’s conduct delayed White Winston’s ability to sell shares in the Company during a period when the Company’s stock price was generally falling. On April 30, 2018, White Winston filed a lawsuit, entitled White Winston Select Asset Funds, LLC, No. 18-cv-10844, (the “Federal Action”) in the United States District Court for the District of Massachusetts, asserting federal jurisdiction based on diversity of citizenship. The four-count complaint in the Federal Action alleged that White Winston is entitled to recover compensatory damages of \$1,708,233, plus attorneys’ fees, treble damages and other amounts. White Winston served the complaint on July 12, 2018, and the Company moved to dismiss the entire action for failure to state a claim. On October 15, 2018, prior to addressing the motion to dismiss, the Court issued an order noting that White Winston (which is a limited liability company) had failed to allege the citizenship of its members and ordered White Winston to show cause that complete diversity exists between the parties and that the Court had jurisdiction. On October 23, 2018, White Winston dismissed the Federal Action without prejudice. On December 18, 2018, White Winston filed a complaint in Massachusetts Superior Court in Suffolk County in Boston alleging the same claims and rights to relief as in the Federal Action. The Company again moved to dismiss the complaint in its entirety for failure to state a claim. The Court heard the motion on May 29, 2019 issued a written order on May 30, 2019 denying the motion. On July 10, 2019, the Court held a Rule 16 conference, following which it set a case management schedule. Fact discovery has now commenced. The Company denies liability for all claims.

NAPW is a defendant in a Nassau County (NY) Supreme Court case, whereby TL Franklin Avenue Plaza LLC has sued NAPW with respect to NAPW’s former Garden City NY Premises. NAPW had surrendered the Premises to the Landlord, and the Landlord is suing NAPW for the balance of the rent due under the Lease Term – which term is less than one year remaining. The case is currently being litigated, summary judgment was rendered for the plaintiff and only the calculation of damages remains in this litigation.

The Company and its wholly-owned subsidiary, NAPW, Inc., are parties to a proceeding captioned Deborah Bayne, et al. vs. NAPW, Inc. and Professional Diversity Network, Inc., No. 18-cv-3591 (E.D.N.Y.), filed in June of 2018 and alleging violations of the Fair Labor Standards Act and certain provisions of the New York Labor Law. The Company disputes that it or its subsidiary violated the applicable laws or that either entity has any liability and intends to vigorously defend against these claims. The matter is in the final stages of discovery. The potential financial impact on the Company is inherently uncertain at this point.

The Company was named in a state court action in Miami-Dade County, No. 2019-014773-CA-01 by Local Staffing, LLC (“Local Staffing”) vs. Professional Diversity Network, Inc. on alleged breach of contract and account stated claims. The Company disputes liability, but has entered into a confidential settlement agreement and parties agreed to dismiss the suit. The order dismissing this case has now been entered.
